⚠ FLEXnet LmAdmin service will have the license file replaced.

A FLEXnet service lmadmin\_ptc is already installed on this host.  
The service will be stopped if necessary to replace the license file.

< Back **Next** > Cancel

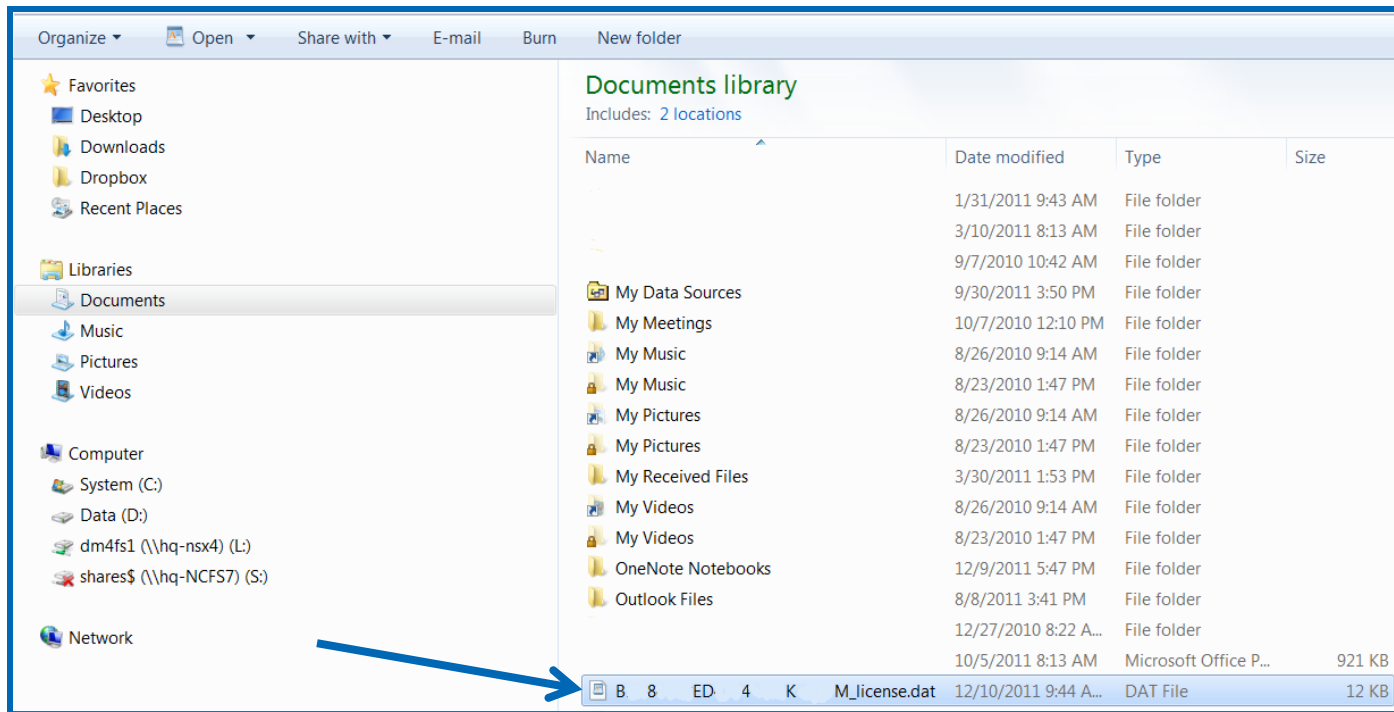

- Accept the license agreement and click **Next**. The Configure License screen appears with a list of available network adapters for your computer.

- From the list select the desired network adapter to associate with the license. For Educational Editions, PTC recommends that you select the physical **Ethernet Card** rather than the **Wireless Card**.

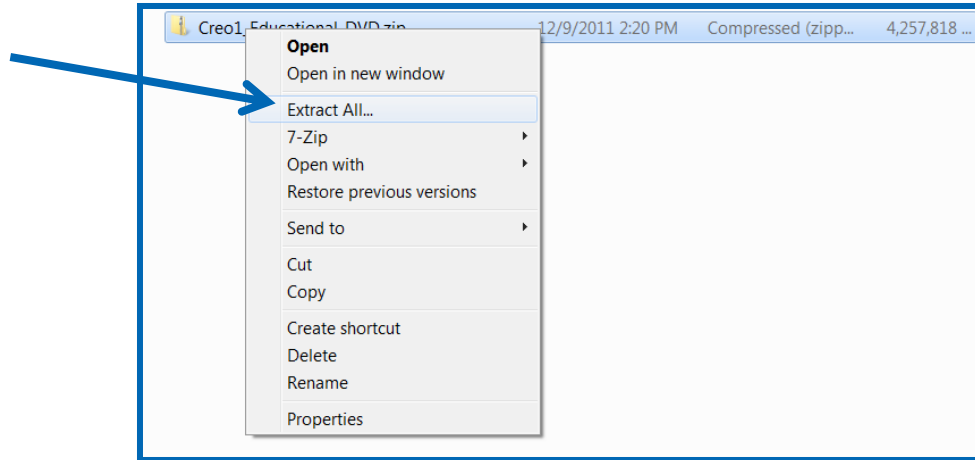

- Click **Next**. Your license is generated. A summary of the features in your license file appears on the screen. The license file is stored on your computer in the Documents folder using the naming convention **<product code>\_license.dat**.

- Confirm the location of the License in your **Documents Folder**.

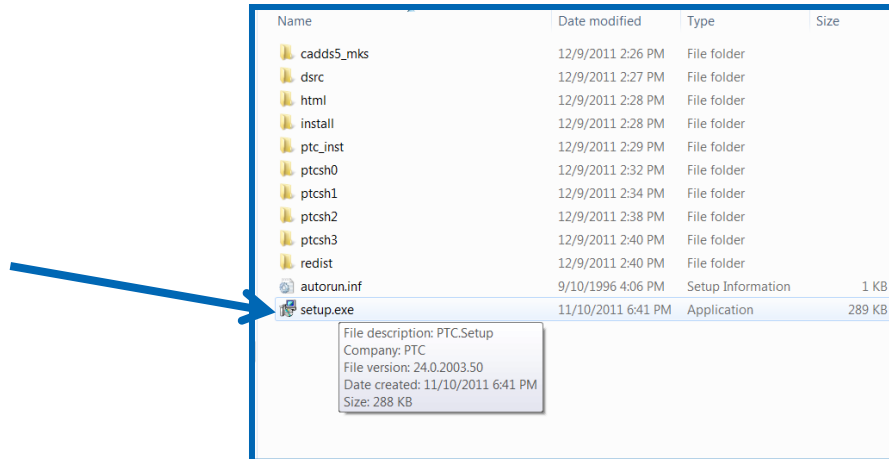

- Download the DVD image of Creo 1.0:  
[http://apps.ptc.com/schools/Creo1\\_Educational\\_DVD.zip](http://apps.ptc.com/schools/Creo1_Educational_DVD.zip)

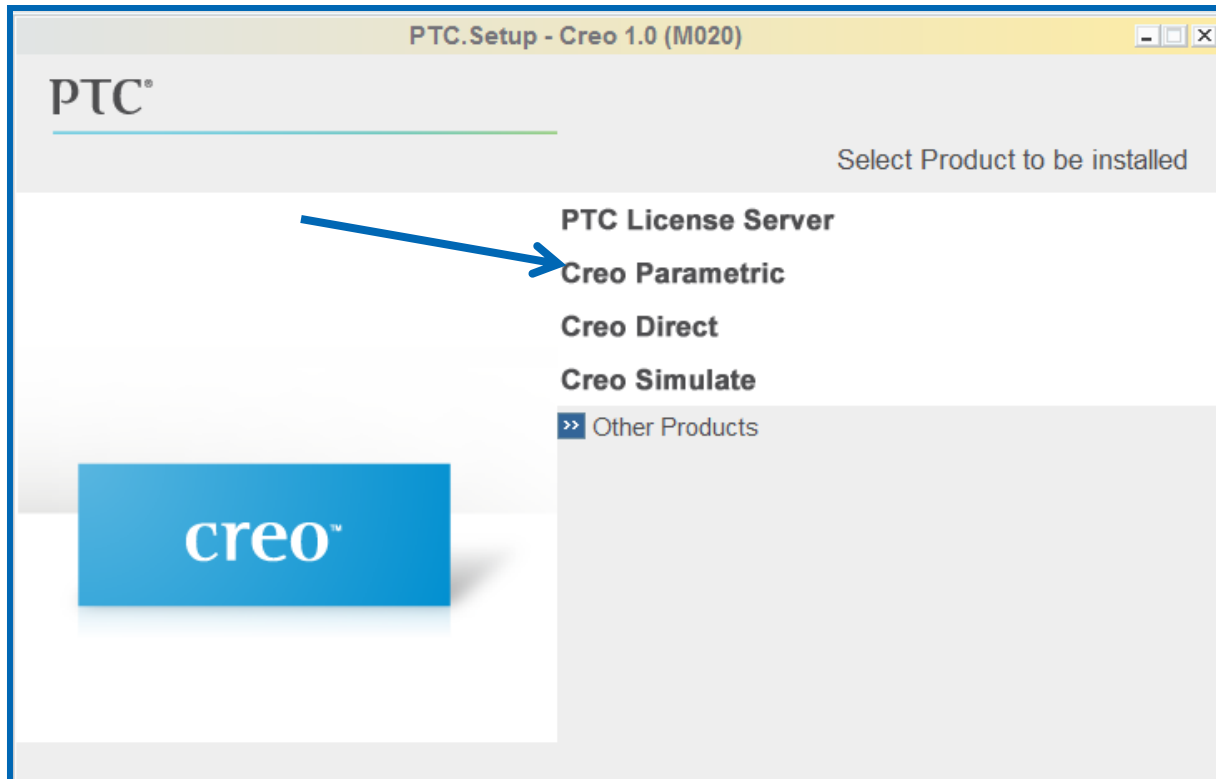

- Unzip the DVD image folder.zip by clicking **Extract All**

- Run the **setup.exe** file

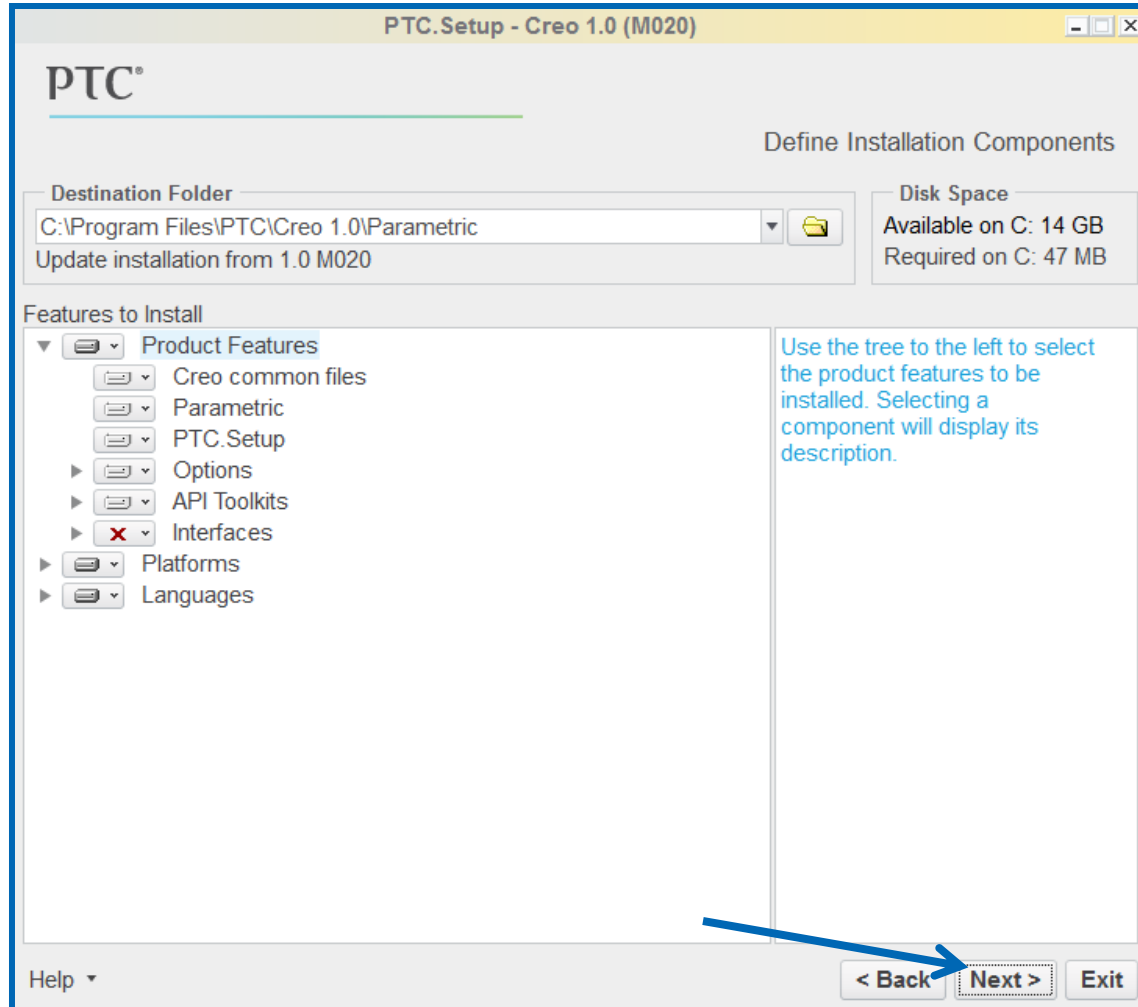

- Accept the License Agreement and click **Next**
- Select **Creo Parametric** for installation and then click **Next**

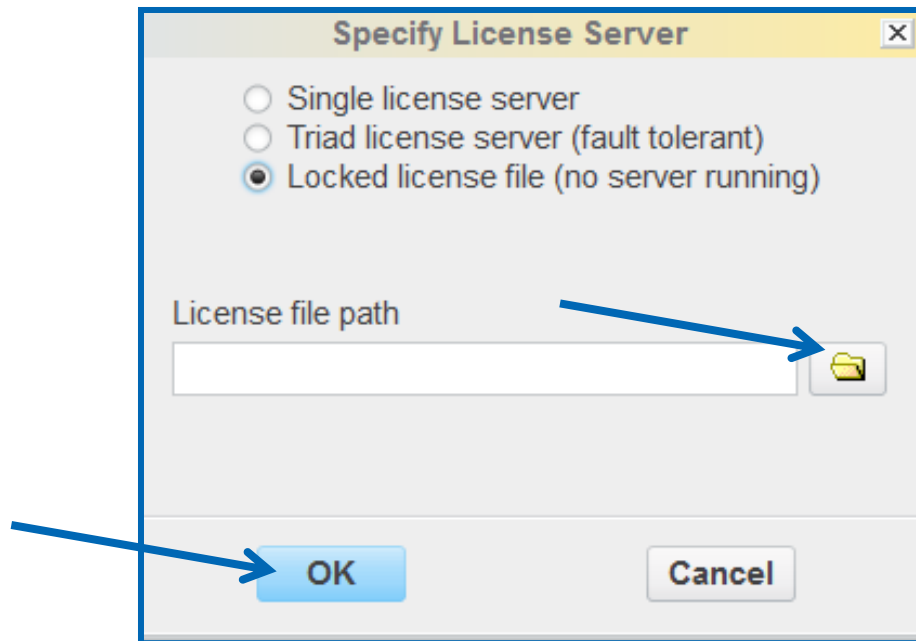

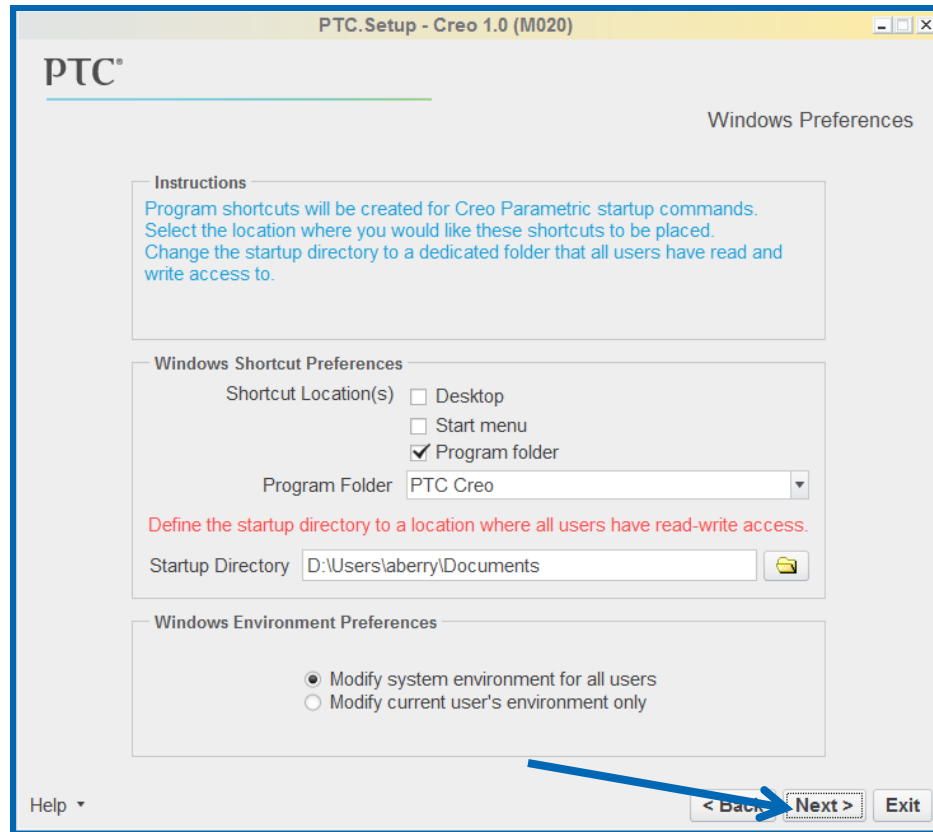

- Click **Next** if you accept the default installation components.

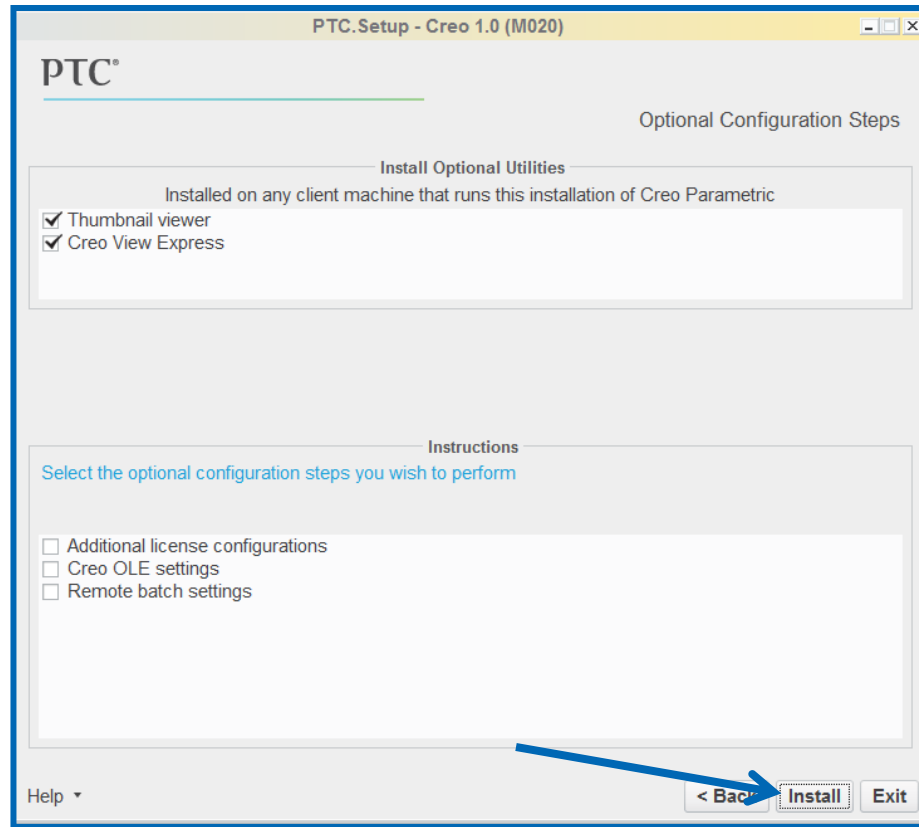

- Click **Add** to add your license file. Specify Locked license file. Click on the yellow folder icon and select the license file path in your Documents Folder.

- Click **Next** if you accept the default settings for the Windows Preferences.

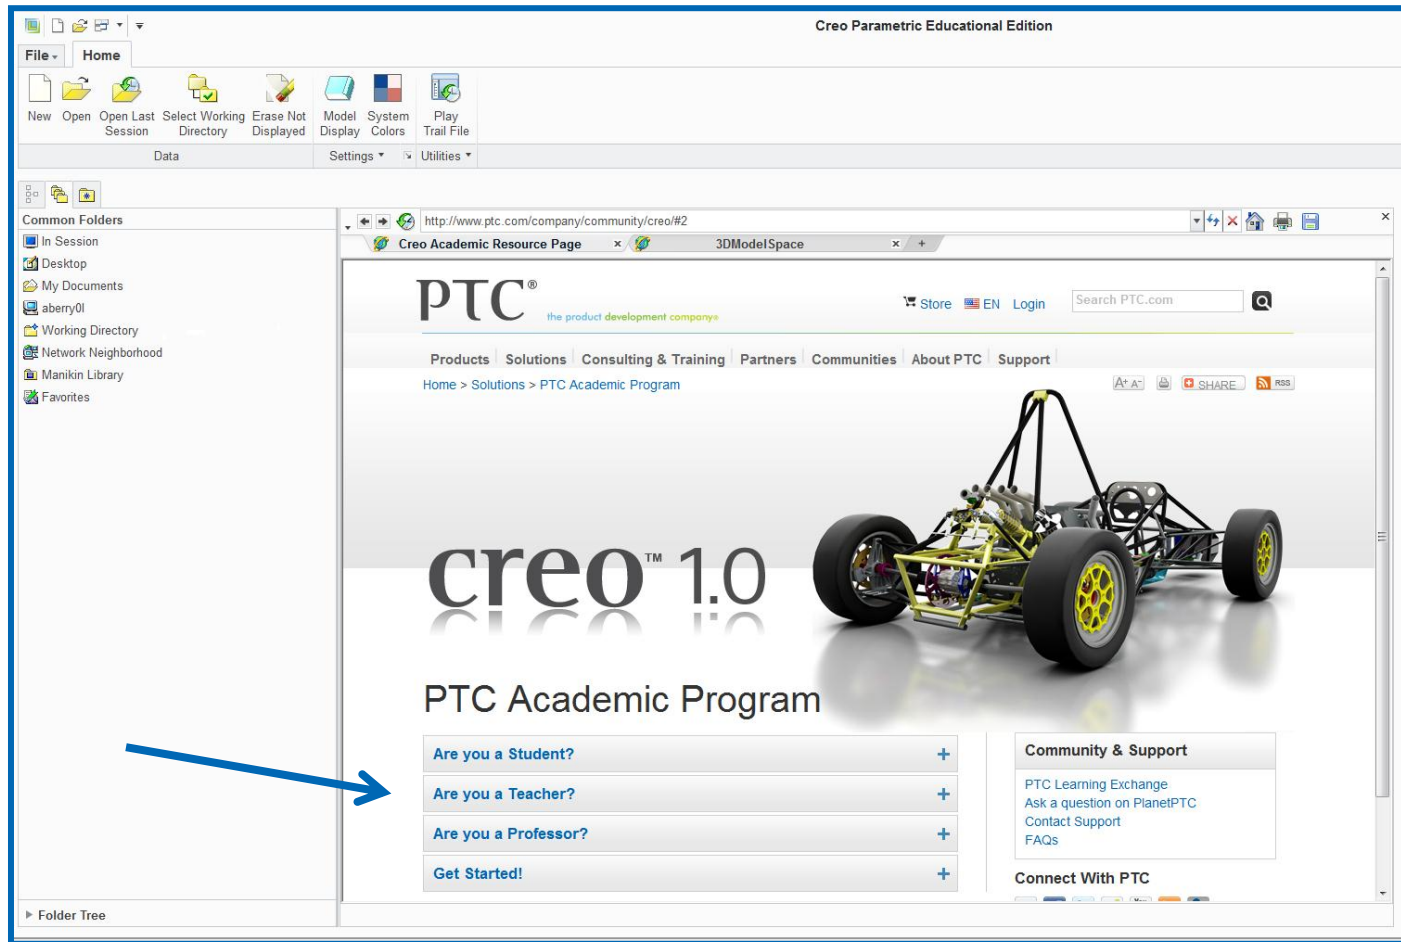

- Click **Next** if you accept the default settings for the Optional Configuration Steps.

- Click **Install**.
